

Overheard

[Alwyn Marriage](#)

Hello? Oh hi, I didn't recognise ...
No no, that's fine; I'm on the train. ..
Yes, going home.
... So-so you know,
same old trouble with the boss
who doesn't seem to understand
there's life outside the office:
now the bastard wants to drag us in
at nine o' clock which means
I'll have to travel in the rush hour

She's OK I suppose, though actually
things have got quite bad between us recently.
... Oh, this and that, you know. In fact, I think
we'll soon be calling it a day. Well, just between ourselves,
there's someone else. ... Oh, months. ... Mmm. .. No,
of course she doesn't know. I'm sure I can rely on you
to be discrete. So, how's the family? ... Good, good;
I'm glad to hear .. Oh, here's the tunnel just before
my station, so I'll have to say goodbye.
Thanks for the call. .. Yes, yes of course.
Take care.
